QUEST  
INTERIORS

**PROJECT:** RSC1 Sub-Station  
**CLIENT:** Imperial College

Quest ensured a strong case was presented to the whole of the South Campus at Imperial College for the new Sub-Station to be located behind RCS1.

Part of the works meant digging up 200linear meters of Imperial College's main road onto the campus.

With a strong team and client all works were completed on time, with regular campus presentations/meetings on the works.
