

Laboratory Refurbishment Imperial College

Stage: RIBA Stage 1 to Completion
Location: London
Sector: Science/Research

Project Value: N/A
Completion: MARCH 2018

The project was fast and required a versatile contractor to deliver. Quest was that contractor.

Imperial College
April 2018

Quest were asked to take a feasibility report from desktop to realisation. The project was a rewarding project producing both a high-quality finish and practical solution for the end users to complete their research..

Works included new raised floor and lead lining to internal walls, with a bespoke lighting rig developed and installed as part of the CT Scanner unit.
